Connecting to ResNet

Connect to RESNET-PROTECTED and sign in with your username (without @ucsd.edu) and password.

To learn more, scan the QR code:
or visit resnet.ucsd.edu/get-connected/available-networks

Devices without browser support or 5Ghz support will need to register and connect to RESNET-GUEST-DEVICE network.
To register your devices, head over to mydevices.ucsd.edu
After registering your device, use the passkey: ResnetConnect

To find out more about what Wifi networks to use and the differences, scan the QR code:
or visit resnet.ucsd.edu/network

File Sharing & Copyright

Downloading and/or sharing (distributing) copyrighted material without authorization is illegal.

- If UCSD receives a copyright notice for a device registered to you, UCSD is obligated by law to comply as UCSD is an ISP.
- UCSD does not track your internet browsing records or your device.

UCSD has a 3 violation system in place which includes the following:

1ST VIOLATION

Your connection will be blocked until you complete the following:

• Completing a security scan with ResNet
• Completing a Copyright Violation Canvas Course
• Accepting the Copyright Agreement

2ND VIOLATION

The same procedures as a first violation apply, as well as the following:

• Referred to the Office of Student Conduct and may be subject to sanctions laid out in the UCSD Student Conduct Code
• Meet with the ResNet Manager

3RD VIOLATION

The same procedures as a second violation apply, as well as the following:

• Your connection on the UCSD network is permanently blocked
• Referred to the Office of Student Conduct again which may include:
  • Fines
  • Suspension

For more information, visit resnet.ucsd.edu/DMCA or scan the QR code:

Wireless Tips

Is your device having trouble connecting or staying connected to RESNET-PROTECTED?

Try these steps:
1. Turn off your Wifi and turn it back on
2. Forget the network on your device and reconnect
3. Accept security certificate if asked
